

General Notecard Project

United Way of Tarrant County needs cards of encouragement year-round for clients of **all ages**. You can make a difference today by taking a moment to write a card for someone in need of uplifting support. We will also gladly accept holiday and birthday cards as well!

Who can participate: Individuals, families or groups.

Who will benefit: Clients of all ages in a variety of programs with United Way of Tarrant County and other service agencies across Tarrant County including adults in long-term care facilities.

How to participate:

1. Use blank notecards or create your own using copy paper or construction paper. It's as easy as folding a piece of paper in half!
2. Write a note referencing our suggested messaging below. Remember to be kind, gentle and uplifting with your words.
3. Draw a picture if you cannot find the words. This is a great way to involve children!
4. Please do not provide any personal information but you are welcome to sign your first name.
5. Please do not seal envelopes if they are provided.
6. Return cards to:
