

Veteran Notecard Project

The **Veteran Card Project** is a wonderful way to show support to our active and retired military. Cards are needed year-round and is a project for all ages.

Completed Cards are Distributed to:

- Active military stationed overseas and on the front lines.
- Tarrant County nursing, rehabilitation, and memory care centers.
- Tarrant County hospice communities.
- A variety of Tarrant County agencies providing veteran support services.
- VA North Texas Health Care System (Dallas and Fort Worth locations).

How to Complete the Project:

Volunteers are encouraged to write their own message of thanks or use any of the sample messages provided below. Youth and student volunteers can even color or draw a picture for their veteran.

Volunteers can make or purchase cards for the project. We have also provided a printable card for your use on page 2 as an option. If purchasing cards, please **do not seal** your envelopes and there is **no minimum number** of cards to complete this project.

Return completed cards to:
