Susan, Surviving Spouse of an Army Veteran

Susan, a surviving spouse of an Army veteran, needed assistance obtaining her widow's pension from the Veterans Administration (VA). She also needed help moving from an apartment where the management was harassing her for money she didn't owe. With a referral from Catholic Charities, a case manager from United Way of Tarrant County veterans assistance program worked with Susan to complete the needed forms and to file with the VA for the pension. The case manager, with the help of Susan's church, found her a better, less-expensive and more accessible apartment. She is expected to begin to receive her widow's pension soon.

United Way of Tarrant County veterans assistance program is proud to provide free assistance to veterans and their families.
